

# Office and Meeting Hall

A building is needed for meetings and office space.

A 4000-square-foot building.

**Problem** The current rented office space is inadequate. It has no facilities for meetings, workshops or training programs. This requires tribal missionaries to travel outside the region for these events. This travel is costly and time consuming.

**Solution** Building a 4,000-square-foot building that will provide office space and room for meetings and other events at a cost of \$125,000.

**Benefit** Having an office and meeting building in the region will save missionaries considerable travel time and expense. This will allow them to spend more time in their tribal ministries.

**Total Cost \$125,000**
