

Helicopter Fund

A fund to help missionaries with the cost of helicopter flights.

Subsidy for monthly flight and maintenance expenses for the helicopter program

Problem Central Indonesia is currently without flight service and this limits the tribal church planting efforts there. Many locations are accessible only by helicopter. Helicopter flights are even more expensive than airplanes. This expense seriously taxes the missionaries' budget.

Solution A fund to subsidize flight service would allow missionaries to use the helicopter when needed and would open opportunities for reaching new villages. **\$8,400 is needed each month.**

Benefit Your gift would enable missionaries in four existing tribal works to receive supplies and medical help more easily. It would also afford opportunity to reach more tribal groups in areas accessible only by helicopter. Each \$280 you give will fund one hour of helicopter service.

Total Cost \$8,400 per month
Remaining Cost ongoing expense
